## Youth Speaks

Two intermediate teams from Tavistock College represented the College at the second round of the Rotary Youth Speaks competition. They spoke with eloquence, humour and displayed great intelligence. Both teams received a warm and genuine appreciation from the large audience and we are so proud of their commitment and effort in this intellectually demanding and nerve wracking contest.

Emily Handel, Thanae Garland Tsirka and Isobel Prout spoke about their love of reading and explored why they love reading so much. They concluded that reading came to represent "all the best things about home, "it reminded them of "yellow lights and warm duvets." It was a beautifully crafted speech,

Max Jordan, Reuben Thomas and Adam Hutchin, "newly out of primary school" spoke about their concern that world leaders had forgotten the values they learnt in Primary school. They let the audience imagine our world leaders playing "Stuck in the Mud," or "Circle Time" and although their speech was utterly charming and at times hilarious, they made an earnest and very worthwhile point. This team won their age group and will represent the College at the District Final at Bodmin College on Feb 27th. 1.30pm

They will be well supported by family, friends and fellow public speakers from the College and we invite anyone who would like to hear their delightful speech, to join us.

All our speakers are helped in College by three 6th formers who have given their time, every lunch time, to coach, reassure, time and question

our teams. They are an essential and inspiring part of Youth Speaks at the College and my thanks go to: Joe Jordan, Freya Chambers and Marianne Quinn. As accomplished former youth speakers their input has been invaluable and, although studying hard for their A levels, they have given freely of their time to help others excel and have fun! The first cohort of LAMDA (London Academy Music and Drama Art) results qualifications have been received. Year 11 students. Holly Kellock, Harriett Chakrabarti

and Megan Jewell all gained Distinction in Grade 4 Mime. Particular congratulations should go to Holly as she was the 3rd highest of the 155 candidates.

Year 9 students, Katie Gray and Rhiannon Packwood achieved Distinction in Grade 3 Mime.

In the exam students have to both perform and discuss their work with confidence, articulating technical detail about their work.

The students have been working under the careful guidance of experienced LAMDA teacher and examiner Vanessa McCarty who joined us as peripatetic Drama teacher in September.
