

Dear Parents/Carers,

February 2020

Year 9 Reports

It has been a great start to the New Year as the majority of Year 9 have applied the right attitude and work ethic to succeed. I am looking forward to see many of you, as is the Year Team as well, at Year 9 Parents Evening to discuss your son/daughters progress, attitude to learning and homework for specific subjects that they have chosen for their KS4 pathways.

We are very grateful to be offered a chance for Year 9 to see the "Alter Egos" County Lines production, at school on 6th February 2020, at 09:00am.

The production, delivered by a professional theatre company, is aimed at informing students about the dangers of the "County Lines" threat to all young people and also the associated grooming that can accompany this threat. We strongly recommend that all pupils attend. The production is being funded partly by the college but is also being heavily subsidised by the Devon Community Safety Partnership. Interested parties are invited to preview the production at;
