## Getting to know your staff

**Mr D Marvin**

**1) What's the best part of your job?** No two days are the same. Every lesson, every day is different.

**2) When you were little what was your dream job?** To be an accountant (how boring)

**3) If you could have one wish, what would you wish for and why?** A lifetime supply of Wispa bars. This speaks for itself.

**4) Football or Rugby?** Football

**5) If you've had a really rubbish day, how do you cheer yourself up?** Going to play tennis or eating lots of food, sometimes at the same time.

**6) If you could have a superpower for a day, what would it be?** Invisibility – I would then be able to sneak up on students who are using their phones.

**7) What is your favourite song EVER?** John Mayer – Wherever I Go

**8) Who is the most inspirational person you know?** I can't say I know him (I saw him once from afar – does that count?), but Bear Grylls is pretty awesome.

**9) Give us one interesting fact about yourself.** I've recently become a Dad, so I'm very very tried, all the time.

## Dates for the diary November

**Tuesday 10th November**

Remembrance Service Rehearsal

**Wednesday 11th November**

## **Tavistock College Sixth Form**

At Tavistock College Sixth Form we are proud of the breadth and quality of our provision, and of how we prepare young adults for their futures, in higher education or in the world of work. This year the curriculum and enrichment offer is broader than it has ever been and we hope there is something to excite and enthuse everyone.

In recent years, we have seen sustained success and significant progress with our Key Stage 5 results. Around 70% of our leavers choose to progress on to university or other forms of Higher Education (over 20% of these into Russell Group universities) and we support others to go on into work or work related training / apprenticeships. In the most recent Ofsted report, the Sixth Form was judged as "Good" in every single category, with the potential to be "Outstanding". We are constantly striving to improve standards even further and offer a rounder experience which will benefit students when they leave.

The curriculum offers range and breadth and is tailored to meet the needs and interests of our students. However, it also takes into consideration the demands of the modern workplace and universities, offering a range of enrichment opportunities that will help build the skills of resilience, leadership, health and fitness, communication and self-management. As a college, we feel that it is equally essential for our students to develop these personal qualities, as well as gaining outstanding qualifications, which is why there is an "enrichment" element for every Key Stage 5 learner. Details about the types of enrichment, volunteering and sporting activities on offer can be found further on in the prospectus. Also, we organize visits to Universities, Colleges and organisers of apprenticeships and are happy to take our lead from the students in offering as much diversity as we can.

Sixth Form tutors are skilled and experienced in guiding students through their studies and in application processes, such as UCAS. We have extensive facilities which include a Sixth Form café, the Octagon, which serves hot food all day and two study rooms available only to Sixth Form.

The most important requirements for entry to Tavistock College Sixth Form are a positive, committed attitude, a passion for learning and a determination to succeed. If you have questions about the courses we offer and whether they are appropriate for you, please don't hesitate to get in touch.
