

Dear Parent/Carer

Year 8 End of Year Report

As Key Stage 3 draws to close and we look towards Year 9, I would like to thank you for all of your support across these two very different and at times, very difficult years. The commitment and resilience shown by our students towards online learning, and then the return to school has been something my team and I are incredibly proud of.

As teachers, we continually assess pupils to determine how they are progressing and identify their next steps in learning and this has continued across our digital learning platforms, during the periods of home learning, and recently in class through assessments. We track pupils' learning to determine their attainment and their progress, which allows us to monitor measures already in place, or if appropriate and additional support for those who might be at risk of not meeting their full potential.

The enclosed report gives you an indication of your child's current attainment and attitude to learning within each subject. If you have any concerns or questions regarding this report or have any other queries please do not hesitate to contact the class teacher, tutor, or myself.

If you or your family need safeguarding support or advice please follow the attached link to our web page, which contains a great deal of information or signposting. <https://www.tavistockcollege.org/our-college/safeguarding/>

Students will begin Year 9 with a new tutor and Head of Year. Please see details below-
