With only a handful of competitions under his belt 6yr old Storm handled everything like a pro winning the U21s and Overall Medium section at the Area Festival Championship with one judge having him on just under 75%!! He is such a promising pony for the future and seems to never stop improving. I feel incredibly proud to have owned him since he was a foal and watched him develop over the years.

We would like to remind students of ways in which they can report individual incidents and bullying:

1. Scan the QR code
2. The email address: needtotalk@tavistockcollege.org
3. Access to the library at recess 2 where they can speak with the anti bullying ambassadors
4. Talking to a trusted member of staff

Year 7 Notice Board

Head of Year - Mr Hunter

Assistant Head of Year - Mrs Massey

We've had a real push on all things anti-bullying lately. At the college we have an ongoing commitment to 'make bullying extinct', and there are a few ways that we have tried to promote this message to the students, including a series of assemblies led by our Designated Safeguarding Leader, Mrs Blackmore, who has actually been sharing data with the students to show how reported incidents get dealt with. Students must know, and trust, that when an incident gets reported, it gets dealt with. It occurred to me during this assembly that there are doubtlessly many incidents that happen each day that go unreported and I would like to take this opportunity to encourage students to report anything that happens that they don't feel good about - only then can we make bullying extinct - when things aren't report, they go unchallenged we can't intervene.

We were also able to share positive data about what bullying looks like in Year 7 at the moment, and the message was incredibly positive, with very few negative behaviours reported in the past two weeks. Even better, the greenboards awarded over the same period have been on a consistent upward trend!

Needless to say, Mrs Massey and I, and the whole Year 7 team are incredibly proud of each of the Y7 students.

Please could I remind students of the expectations around STAR behaviours - since starting in September, students have upheld very high expectations, and I'd like them to be as sharp as they were back in September!

World book day is an exciting and enriching celebration that encourages a love for reading and literature among students. Throughout this week the library has been transferred into a literary landscape and students have had the opportunity to take part in activities and the Library 'murder mystery'. Every year 7 student has been given a book token to spend at a local bookshop.

Sparx Homework

Year 7s have now started their Sparx Reader new homework platform and the results of personal targets achieved for the first week have been amazing. We want to celebrate the success of many students who have met or exceeding targets (in some cases reading for 4 hours - 6 hours per week) and exceeded their points targets. Here are a list our top ten for this week.

Behaviour is an essential aspect of academic success and personal development. It shapes not only individual experiences but also the overall classroom environment. We encourage all students to embody respect, responsibility, and resilience in their daily interactions.

It is essential for students to recognise the impact of their actions and strive to make positive choices. By fostering a culture of accountability and empathy, we empower students to take ownership of their behaviour and contribute positively to our school community.

Punctuality is a key component of academic success. Arriving at lessons on time demonstrates respect for teachers, classmates, and the learning process itself. It allows students to fully engage with the material and participate in classroom discussions and activities.

Belonging is at the heart of a thriving school community. Every student should feel valued, respected, and included, regardless of their background or interests. As we work to create a culture of belonging, we encourage students to embrace diversity, celebrate differences, and support one another in their individual journeys. Culture is what we make it. Together, we have the power to shape a school culture that prioritises kindness, inclusivity, and mutual respect. By fostering a sense of belonging among all students, we create a supportive environment where everyone can thrive academically, socially, and emotionally. Mrs Ingleby and Mr Marsh.

Year 9 Notice Board

Head of Year - Miss Evans

Assistant Head of Year - Miss Fox

It has been another amazing couple of weeks for Year 9! They have been having taster lessons as part of their options process. These have been a great success with students stating that 'they have been pretty fun'; that they have been 'good because it gives us an idea of what our options and opportunities will be like' as well as 'we get the opportunity to try out lessons we might not have ever had tried' therefore 'they are very helpful and useful for our GCSE's. It's great!'

There has been a genuine buzz around the college from year 9 regarding these. Next comes the students speeches that they will give to a member of staff which will help them finalise their option choices.

These are due to take place over the next two weeks before the options deadline.

Girls Do Dartmoor have now gone off site for two consecutive weeks. Luckily they have not got rained on - as yet! Again the girls are 'loving it' as it's 'really fun' and they are taking part in activities 'that we wouldn't otherwise have a chance to do'.

Mock Results

Our year 11 students have received their mock results over the last few days and weeks and we are delighted to say that these are the best set of mock results that we have seen in many years. This shows the dedication and hard work that the students put in pays off. Going forward the students need to keep this momentum up by attending revision sessions, creating their own revision notes, completing past papers and speaking with their expert teachers. .

Passport to Prom

Passport to prom has been launched and we have already had several students achieve the 150 passport to prom points needed for the prom.

- Attending additional revision gains the students 5 extra points.
- Creating subject specific revision notes gains 10 extra points.
- Completing past papers gains 10 extra points.
- Normal greenboards will also go towards passport to prom points.

Keep working hard and you will gain the points you need.

Tekken 6 doesn't offer voice chat by default, but a player's platform ID is visible (such as their PlayStation Network ID, Steam account or Xbox gamertag). Rival players can, therefore, reach out via messages if they wish. Given the game's fiercely competitive nature, these communications can potentially put children at risk of online abuse if their opponent is a particularly sore loser.

If a child plays Tekken online with anyone apart from their friends, then parents and carers could consider restricting communications – such as shutting off the facility to be messaged by other players (although the child's profile name will still be displayed) – to reduce the chance of contact from strangers. This can be done via the console's account settings or through the child's Steam account (if playing on PC).

Disclaimer: We may need to inform someone if we are concerned about your safety but we would usually speak to you first. Your messages are stored securely and can only be accessed by other authorised health care professionals who follow the same strict confidentiality rules. We aim to reply to your message within one working day and you should get an immediate message back from us to confirm we have received your text. If you need help before you hear back from us, please contact your GP nearest walk-in centre or dial 111. In an emergency please dial 999. Unfortunately, our text number does not receive voice calls or MMS picture messages. We support messaging from UK mobile numbers only but this does not include messages sent from landlines, international mobile numbers and some number masking / mobile apps.
