

KS3 Report Guidance A Guide to Subject Assessments Year 7 Summer 2025

Report General Guidance

KS3 Assessment & Reporting:

Subject teachers will report the student's percentage score from the most recent assessment and the cohort average will also be reported.

Please note that for those subjects with a heavier emphasis on practical skills alongside theoretical elements (PE, Design Technology, Creative Art subjects) students will be awarded one of five descriptors based upon their skills level in those subjects.

The descriptors are:

Emerging > Developing > Secure > Progressing > Excelling

The subject teams will communicate exactly what the assessment entailed but please be rest assured that a standardised mark scheme/success criteria will be applied to ensure equity.

Each teacher will also comment on the student's Attitude to Learning for all subjects and Homework for English and Maths. These areas will receive one of the following comments:

E = Excellent

G = Good

N = Needs improving

C = Cause for concern

Subject Guidance for Report Marks

Grade Boundaries

Emerging 8-15 Points	Developing 16-25 points	Secure 26-39 Points	Progressing 40-47 Points	Excelling 48-50 Points
---------------------------------------	--	--------------------------------------	---	---

Anchor Group students are assessed as a group.

Skills Assessments

KS3 Visual Arts

Assessment in Performing Arts and Music is mostly done through in-class work. The class teacher will observe students' practise across specific sessions and across 4 key areas:

SC1 - Explore and experiment in a variety of media

SC2 - Artistic skill set

SC3 - Evaluating your own and others' visual arts work

SC4 - Visual Arts specific terminology and Artist Research

SC1 and SC2 have a slightly heavier weighting than SC3 and SC4 to reflect the practical nature of the work.

Students will be made aware of the assessment criteria and ways to develop their practise in Performing Arts and Music through regular verbal feedback about their work. Students will receive a key descriptor for their work and progress:

An EMERGING Performing Artist / Musician

A DEVELOPING Performing Artist / Musician

A Performing Artist / Musician with SECURE skills

A Performing Artist / Musician PROGRESSING towards excellence A

Performing Artist/ Musician who is EXCELLING in all areas

The report also contains a numerical value which represents the band range for the key descriptor.

KS3 Performing Arts and Music

Assessment in Performing Arts and Music is mostly done through in-class work. The class teacher will observe students' practise across specific sessions and across 4 key areas:

SC1 - Improvising, Composing, Choreographing and Rehearsing Drama, Dance and Music

SC2 - Performing and sharing Drama, Dance and Music work

SC3 - Evaluating, appreciating and appraising your own and others' Drama, Dance and Music work

SC4 - use of Drama, Dance and Music subject specific vocab and terminology

SC1 and SC2 have a slightly heavier weighting than SC3 and SC4 to reflect the practical nature of the work.

Students will be made aware of the assessment criteria and ways to develop their practise in Performing Arts and Music through regular verbal feedback about their work. Students will receive a key descriptor for their work and progress:

An EMERGING Performing Artist / Musician

A DEVELOPING Performing Artist / Musician

A Performing Artist / Musician with SECURE skills

KS3 Design and Technology

In Technology, students have completed 2 modules.

In Design & Technology they designed and made a spatula utilising flexi-ply.

For this assessment they have been graded based on their work in the following Areas:

Analysing the context, creating a specification for their product and their initial design work.

In Food Technology, students are looking at dietary needs and developing cooking skills.

For this assessment they have been graded on their practical skills when cooking, their knowledge of the 'eatwell' guide/adapting recipes for dietary needs

KS3 Physical Education

Assessment in Physical Education is mostly done through in-class work. The class teacher will observe students in their practical PE lessons with a focus on four key strands -

SC1 - *Leadership/Active Healthy Lifestyle and character values*

This strand will focus on the social and emotional side of PE. How involved and engaged the students are and the attitude displayed towards the subject. This will also consider an understanding of how to lead an active and healthy lifestyle and how this is personalised, as well as character values such as resilience and respect.

SC2 - Skill

This strand will focus on being physically active and competitive, as well as how physically competent the students are in practical skills.

SC3 - *Understanding/decision making/ tactics and strategies*

This strand will focus on the ability of students to make effective decisions and show a deeper understanding of the physical activity. This will as a result build confidence and tactical awareness.

SC 4 - *Performance analysis*

This strand will focus on students' understanding of what worked well and how things can be improved in both their and other's performances.

Assessment Based Subjects

Assessments are marked as a percentage.

The cohort average is calculated by subject/tier for the students who have been assessed.

Anchor group students are assessed as a group.

KS3 English

In English this year, Year 7 have studied a range of literary genres and forms: Greek mythology; Shakespeare's 'Tempest'; nature poetry and Gothic narrative extracts. This is complimented by a study of modern non-fiction and regular opportunities for students to work on their own imaginative writing. Throughout the year students regularly receive feedback on their reading and writing skills. Specifically, the assessment in the summer term was based on students' knowledge of literary terminology and poetry analysis.

KS3 Maths

All pupils have recently undertaken an assessment based on the white rose mastery scheme of work for mathematics.

Topics that were assessed included calculating fractions and percentages of amounts, solving problems with fractions greater than 1 and percentages greater than 100%, operations with directed number (positive and negative numbers) and solving equations with directed number. They were also assessed on the roots of positive numbers and higher powers including negative roots. All pupils sat the same assessment (except our anchor provision), so the percentage is based on the whole cohort.

KS3 Science

In Science this year, year 7 students have completed four units: Enquiry processes 1 - Practical skills, P1 - Energy, P1 - Matter, B1 - Cells and organisation, P2 – Forces, B2 Ecosystems and C2 Reactions. Each module is assessed with a 35-mark test taken in lessons. These tests include knowledge recall, practical skills and application of knowledge questions. The score you see in the report is an average of all 7 units studied so far in year 7.

The homework grade is based upon their achievement on the year 7 homework students have completed on Seneca since the new year 7 homework began. If students have more than 90% completion, they are awarded an E for Excellent, if they have between 75-90% completion they are awarded an G for Good, if they have between 50-75% completion they are awarded an N for Needs improvement and if they have less than 50% completion they are awarded an C for Cause for concern.

KS3 Computer Science

This report is based on a comprehensive digital skills assessment marked out of 50. Students were assessed across three key areas: programming using Scratch, ICT skills using Microsoft Excel, and digital literacy through the iDEA programme—an award-winning platform that supports the development and recognition of digital, enterprise, and employability skills.

KS3 Geography

This year, Year 7 students have explored a range of engaging geography topics including weather and climate, ecosystems, Brazil, map skills, and settlements. Through these units, pupils have developed their understanding of physical and human geography, practiced interpreting maps and data, and learned about global environments and urban development. Their end-of-year assessment tested knowledge and skills across these topics using a combination of multiple choice, short answer, and longer written responses, allowing students to demonstrate both factual understanding and analytical thinking.

KS3 History

The year 7 history assessment was based on their understanding of key history skills and their knowledge of the Tudors. It consisted of multiple-choice questions, definition matching tasks, closed questions and some extended answers.

KS3 Modern Foreign Languages (MFL)

In languages, students were assessed on their reading comprehension and translation skills on the topic of 'describing jobs' from last half term's unit of work.

KS3 Religious Studies/Social Studies

In RS students completed a 30-mark assessment. The first 18 marks were based on knowledge and understanding. The final 12 marks were for an extended answer to an evaluation question. Their marks were added up and then converted to a percentage.
